MEMORANDUM

TO: JOHN E. HOWARD  
Chief Deputy District Attorney

FROM: SIDNEY D. TRAPP, JR.  
Deputy District Attorney

SUBJECT: DESCRIPTION OF SIRHAN CASE EXHIBITS

DATE: JUNE 7, 1971

On June 2, 1971, the undersigned accompanied by John Howard visited the Supreme Court Clerk's Office, Old State Building, Los Angeles, California, for the purpose of viewing several Sirhan exhibits which had been delivered to that office from San Francisco at the request of attorney George Shibley. *on May 25, 1971*

The following exhibits were present and were examined in the presence of the Supreme Court clerk:

Exhibit 6

Iver-Johnson .22 caliber revolver, serial number H-53725. This was contained within one large manila envelope which bore the inscription on the outside "Number 6 and 7." It is presumed that since the transcript indicates that the gun was numbered "6" that this is its present number. No exhibit 7 appeared within the envelope..

*note -  
there is no  
exhibit  
7 it  
should  
correctly  
read 487  
And number "6" should be  
Pec Ex 6*

Exhibit 47

A bullet, .22 caliber long rifle. This was old Grand Jury exhibit number 5-A. The envelope in which the bullet was found bears Coroner's remarks and DeWayne Wolfer's initials "DW".

Exhibit 48

Contains SUS items number 26 and 27. There was an envelope within an envelope. Contained therein was one vial with a two gram item (believed to be the same as in the photograph number 24), one vial with a black top containing gauze and

bullet fragments. This vial was numbered 24 and is believed to contain the same fragments as were exhibited in the photograph number 24.

Exhibit 49

This was SUS item number 24 and is a picture of a 25.5 grain bullet fragment and a small 2 grain bullet fragment.

Note: This is believed to be a photographic reproduction of the items contained within exhibit 48.

Exhibit 50

This was item number 57 in the SUS series. Contained within were two bullet fragments. The envelope indicates the bullet fragments were taken from victim Schrade. Within the envelope is a vial containing two fragments. Dr. Fuchs' name appears and DeWayne Wolfer's initials "DW" also appear.

Exhibit 51

Is item number 105 in the SUS series. Believed to be the Stroll bullet. Stroll's name appears on the outside of the envelope. There are two evidence envelopes and within the two evidence envelopes is one coin envelope containing one expended bullet. The initials "DW" appear on the bullet.

Exhibit 52

This contains items number 113, 114 and 115 from the SUS series. These are one bullet expended, .22 caliber; one medical treatment slip bearing the name "Goldstein"; and one ambulance receipt. There are two evidence envelopes, one within the other. The inside envelope contains a jar bearing the name "Goldstein", "Dr. Finkel", the initials "DW". Within the jar was one bullet bearing the initials "DW".

Exhibit 53

This was item 45 in the SUS series. Contained two envelopes. Within the envelopes were two bullet fragments believed to be the Evans fragments. The envelope bears the name "Evans".

Exhibit 54

This is item 56 in the SUS series. It's the Weisel expended bullet. Also contained therein is a Kaiser tissue examination. The bullet contains the initials "DW".

Exhibit 55

Contains three expended .22 caliber slugs and two expended casings. The envelope bears the inscription "I and J .22, serial number H-18602, Cadet model." The initials "DW" appear on each slug.

This appears to be the extent of the evidence in the custody of the Supreme Court Clerk's Office of Los Angeles on June 2, 1971.

SDT:jw

Reader - note Exhibit 55 is Pco 55  
D.D.A. Trapp does not mention Gf 5 B,  
the four test bullets fired from serial  
# H53725 (the four substituted bullets)  
I ask, could the reason be due to the  
fact that Gf 5 B test bullets were inauth-  
entic since they were not marked with  
the initials "DW" on each slug?  
Both D.D.A. Trapp and Chief Deputy D.A.  
Howard were aware of Walfer's marking  
all of his test bullets "DW"

REPORT OF EVALUATION  
(No. 7182)I. Reference Information

Submitted by: Rose Lynn Mangan  
4443 Highway 50 East  
Carson City, NV 89703

Re: SIRHAN--RFK EVIDENCE

II. Source of Material Evaluated

At the request of Rose Lynn Mangan, the following items were retrieved from the California State Archives and submitted for examination by staff member Nancy Zimmerman, who closely observed the handling and examination of each item:

1. EXHIBIT 47-----fired bullet from neck of RFK
2. EXHIBIT 52-----fired bullet from Goldstein
3. EXHIBIT 54-----fired bullet from Weisel
4. EXHIBIT 55-----fired bullets, test fired by Wolfer
5. EXHIBIT 75-A-----portion of a label
6. EXHIBIT 6-----REVOLVER, caliber .22,  
Iver Johnson, Cadet Model #H53725

The following item was submitted by Ms. Mangan:

7. Box, "Iver Johnson" inscribed on top

III. Purpose of the Evaluation

It was requested that the fired bullets be examined to determine whether or not any identification inscriptions are visible on the bases or noses of fired bullets defined as Items 1., 2., & 3. in Par. II. above.

201

It was also requested that the box (Item 7.) be examined to determine whether or not:

a. the label (Item 75-A) was originally attached to the box.

b. the gun (Item 6.) fits into the box in such a way as to account for the impressions and markings in the lid and bottom of the box.

#### IV. Results and Conclusions

The examination of the bullets proceeded with the use of a stereoscopic microscope.

The examination of fired bullet Items 1., 2., & 3. was thwarted by the presence of a glaze-like coating having the appearance of grease. The sides of the bullets have a heavy deposit of a white coating material, which combined with the glaze obscures the details of land and groove markings. The surfaces of the bases of Items 1. and 2. are covered with so much of this glaze material that an observation of engravings is not possible. The base of Item 3. has less glaze and the letters "LM?" are discernible. The third letter that is represented by "?" has the appearance of the first half of an "O".

The test fired bullets (Item 4.) have the same glazing and white coating that is present on Items 1., 2., & 3.

The revolver (Item 6.) fits into the box (Item 4.) in a manner that is consistent with its original containment.

The label (Item 75-A) was originally glued to the end of the box (Item 7.). The basis for this conclusion is that some of the glue and paper have remained on the box and a section of the glue has released from the box. The margin of this release pattern is irregular and constitutes a physical match between the box and the label.

#### V. Disposition of Submitted Material

All of the submitted items were immediately returned by hand to the respective submitters at the conclusion of the examination of each item.

RE: Request to Examine Gun Sale Receipt

Dear Ms. Mangan

This is in response to your October 28, 1994 request and an October 24, 1994 letter from Sirhan Sirhan, authorizing you and others to review and examine the original gun sale receipt maintained by the Department of Justice (DOJ). The original gun sale receipt in question is Dealer's Record of Sale of Pistol or Revolver (DROS) Register Number C675755, related to a sale of a .22 caliber, Iver Johnson, serial number H53725, to a Albert Leslie Hertz on August 10, 1965, by the Pasadena Gun Shop.

On November 3, 1994, I called you and advised that the DROS register you wished to examine may be destroyed because DOJ has a 20-year retention period for DROS registers. However, I further advised you that all the old original DROS registers were maintained by the State Records Center (SRC) and we would make a request to SRC to search and pull DROS Register Number C675755. The request to SRC was made on November 4, 1994. During our conversation, you requested a copy of DOJ's Retention Schedule related to DROS register documents, which I have enclosed.

I further advised you that since the DROS Register C675755 reflected the sale of a handgun to a Albert Leslie Hertz, Mr. Sirhan's authorization to inspect the DROS register was not valid. Pursuant to Penal Code Section 11106, DROS register information is confidential. Therefore, if DOJ's original copy of DROS Register Number C675755 is still maintained, Mr. Sirhan's attorney would be required to subpoena DOJ to examine the register.

On November 3, 1994, the Department received notice from SRC that they were unable to locate the original DROS Register Number C675755. In addition, DOJ staff and myself conducted a diligent search of the Department's historical file and found No Record of the original DROS Register Number C675755. As a result, I believe that DROS Register Number C675755 has been destroyed in accordance with DOJ's retention policy.

From: Rose Lynn Mangan  
Re: DROS #H53725  
Date: January 17, 1995

I have carefully examined 11105 and 11106 PC and find there is no authorization which permits the destruction of DROS #H53725 (please see enclosed page from the Retention Schedule which you sent me).

I do not wish to engage in a drawn-out correspondence with your department over this matter. Simply stated, I do not accept the response from your agency that DROS #H53725 has been destroyed. And I again ask on Mr. Sirhan B. Sirhan's behalf that I am furnished with the legal authorization for such destruction.

I wish to thank you for your cooperation in this serious matter.

Sincerely yours,

*Rose Lynn Mangan*

RE: Retention Schedule

Dear Ms. Mangan:

Upon your November 28, 1994 request, a complete Records Retention Schedule for the Department of Justice (DOJ), Bureau of Criminal Identification and Information was mailed to you on December 22, 1994. On January 17, 1995, you advised that there is no authorization which permits DOJ to destroy Dealer's Record of Sales of Pistol or Revolver (DROS) registers.

Enclosed is a copy of the Record's Retention Schedule Approval Request, which was attached to the Department's Records Retention Schedule that you received in December, 1994. Based on information from our Records Management staff, the approval request form cites the appropriate authority that permits DOJ to destroy DROS records meeting the retention period. I have enclosed the sections cited on the form for your review.

If you have any questions, please call me at (916) 227-3249.

Sincerely,

DANIEL E. LUNGREN
