For a person to put his thoughts into words is a difficult task if you were to remember that that person is a troglodyte who is therefore more psychically inclined than his urban contemporary.

America will soon face a downfall so abysmal, that she will never recover from it. This statement is based on several observations and incidents that the writer experienced

1.
The American politician leads his people through any course that he wants them to - this is possible because the people ~~to~~ lack the initiative, ~~or~~ or are indifferent to the actions of their leaders. Their leaders say: you have the right to speak against your govt, ~~to~~ and support.

It's changeover - but remember, - though Democratic means Only - if otherwise we will blast the hell out of you - and besides, you wouldn't want to do anything like that, it is stupid, costly and wasteful. Just let us run the country hire our relatives to work for us - and earn fat checks -

A Declaration Against America Humanity
when in the course of human events
it has become necessary for me to
oppose and seek revenge for all the
inhuman treatment ~~that I have~~
~~received~~ by those who committed
it against me by the American people.

the manifestation of this Declaration will
be ~~manifested~~ by its purport (2)
as soon as he is able to command
a sum of money (\$2,000) and to
acquire some firearms the specifications
of which have not been established
yet.

The victims of the party in favor
of this declaration will be or are
now - the President, vice,
etc - down the ladder.

The time will be chosen by the
author at the convenience of the
accused.

the method of assault is immaterial
- however the type of
weapon used, would influence
it somewhat.

126

The ~~to~~ author believes that many in fact multitudes of people are in harmony with his thoughts and feelings

The conflict and violence in the world subsequent to the ~~en~~ enforcement of this Decree, shall not be considered lightly by the ~~author~~ author of this memorandum, rather he hopes that they be the initiatory military steps to WWII - The author expresses his wishes very bluntly that he wants to be recorded by history as the man who triggered off the last war!!

Individuality is the necessary complement of the Universal Spirit which was the subject of our consideration last Sunday - The whole problem of life consists in finding the true relation of the individual to the Universal Originating Spirit and the first step towards ascertaining this is to realize that the Universal Spirit must be in ~~us~~ we have already done this to a certain extent and the conclusions we have arrived at are:-

1. The essence of the spirit is life

His teachings, his will power, his

it seemed difficult for me to do so.

The readings of your institution seem
